

TT35BTA— Madison Thermory® Receptacle with Bonnet Ash Top

35-gallon receptacle with Thermory slats, bonnet ash top with ashtray, plastic liner and rubber feet

Material

The receptacle is 40.34" tall and is composed of 5" x 2.5" Thermory slats and 12-gauge steel side panels. The Thermory slats are attached to three inner steel bands for maximum support.

The top is made of 16-gauge galvanized steel and features a 16.60" diameter center waste opening and an attached rain bonnet with 7.02" tall side openings. The rain bonnet features a 9" diameter inset ashtray that includes 5 lbs. of black beauty sand substitute. The top includes a 14" web security strap and lifts off for easy waste disposal.

The receptacle is designed to be portable for flexibility in placement or surface mounted using pre-drilled .50" diameter holes inside base to prevent movement. The rubber feet are adjustable to assist in leveling the receptacle. The reusable plastic liners are made of high-density polyethylene. Mounting hardware is not included.

Low-maintenance Thermory is made from thermally-modified North American White Ash—a sustainably-harvested and renewable temperate hardwood. It is an environmentally-friendly hardwood and a great alternative to commonly used tropical rainforest hardwoods because of its dimensional stability and Class 1 durability (25+ years). Thermory has a lower carbon footprint than tropical hardwoods.

Finish

Fade-resistant, powder coated steel components feature a state-of-the-art primer proven to prevent rusting. Treated components exceed the industry standard by 34% in testing by independent sources.

Thermory is a lustrous chocolate brown color when new and will naturally age to uniform silver/gray over time. The color-changing process begins immediately and varies with the amount of UV-exposure.

Color

See website or sales representative for color choices.

Assembly

The receptacle ships fully assembled and ready for use.

Maintenance

Clean with mild soap and water. Let dry thoroughly. To maintain original color, regularly apply standard deck oil, such as Cutek® Extreme Wood Protection Oil.

Warranty

10-year limited structural warranty from the date of purchase. See full details on multi-year warranties for components at www.anovafurnishings.com/warranty.aspx.
