THERMORY BENCHES

- Low-maintenance Thermory planks are made from thermally-modified North American White Ash — a sustainably-harvested and renewable temperate hardwood
- Rust-proof aluminum and rust-resistant primed steel components feature a fade-resistant powder coating
- The proprietary thermal modification process results in extremely stable planks in a beautiful chocolate brown color
- Thermory planks will naturally age to a silver/grey color if left untreated; or maintain color using a standard deck oil as needed
