

BRP300-CUST

Ultra Single-Side Custom Logo Bike Rack, 7- Bike Capacity

Material

The bike rack is composed of 2.38" O.D. steel tube support sections with .50" O.D. steel inner vertical rods. The legs feature a large 10-gauge steel panel for custom logos on either end of the bike rack..

Features

The bike rack is 76.75" long and designed to accommodate up to 7 bikes. Inner vertical rods are welded at 3.5" intervals. The bike rack is designed to be portable allowing for flexibility in placement or surface mounted using pre-drilled tabs on the legs to prevent movement.

Finish

Fade-resistant, powder coated steel features a state-of-the-art primer proven to prevent rusting. Treated components exceed the industry standard by 34% in testing by independent sources.

Assembly

This product requires some assembly. Stainless steel assembly hardware is included.

Color

See website or sales representative for color choices.

Maintenance

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a solution of mild detergent and water to remove surface dirt. Do not clean with solvent or petroleum base products.

Warranty

See full details on multi-year warranties for components at anovafurnishings.com/warranty.

Manufactured in the U.S.
